GERMANS WERE WARNED NOT TO STIR AMERICA

Hindenburg and Ludendorff on Stand—Bernstorff Blamed.

By Associated Press Leased Wire
Berlin, Tuesday, Nov. 18.—Germany decided upon unrestricted submarine warfare in spite of warnings that it would bring the United States into the war as a decisive factor. This was proved today by reports read at the inquiry into war responsibility being conducted by a sub-committee of the national assembly.

Field Marshal von Hindenburg was the leading witness of the day but his testimony was scarcely more interesting than that of Gen. Ludendorff, and seemed even less important than the reading of reports to Berlin by Dr. Heinrich F. Albert, under secretary of state and former commercial attaché at the German embassy in Washington, and Dr. Haniel von Hainhausen, who was counselor at the Washington embassy during the critical days of 1916 and 1917.

The field marshal declared Germany did not desire war and entered the struggle with her defensive strength impaired. He charged there was a lack of co-operation between the army and "interests at home" and asserted this had a vital effect upon the final issue of the conflict. Relations between the German high command and Count von Bernstorff, former German ambassador to the United States were not cordial, it was developed, and seemed an effort was made to treat him as a scape goat by von Hindenburg and Ludendorff, who bitterly attacked him while giving his evidence.

When von Hindenburg and Ludendorff declined to appear at the afternoon session of the sub-committee an indefinite adjournment was taken but it was indicated the former would be recalled to give testimony at the next sitting.

Urge Law Prohibiting Arbitrary Striking

By Associated Press Leased Wire
St. Louis, Mo., Nov. 19.—Federal law to prohibit the calling of strikes until after every means of conciliation had failed, was urged in a resolution presented today at the convention of the American Mining Congress here. The resolution asserted many strikes were called precipitately before any attempts were made to conciliate differences, and said such a law would benefit workmen "more than by striking as it would prevent the suffering innocent to strikes."

A federal commission was suggested to determine when a strike legally could be called under the proposed law.

Britain and France May Carry on League

By Associated Press Leased Wire
London, Eng., Nov. 19.—Great Britain and France are considering whether they are not compelled to carry out the German peace treaty and operate the League of Nations independently of the United States, pending the decision of the American government on its course.

It is pointed out that matters are continually arising under the treaty which need immediate attention, such as plebiscite commissions, and it is considered that because of this fact it is no longer possible to delay making the pact operative.

The opinion strongly prevails here that Great Britain will not accept any reservations made by the United States senate which would necessitate the negotiation of a new treaty, as the British government, it is declared, has every present intention of abiding by the decisions of the Paris conference.

The belief still exists in this capital that the American government will ultimately take its place with the allies, meanwhile there appears to be a possibility that Great Britain and the others will proceed without the United States.

Women Lawmakers to Legislate Against the Filthy Weed, She Says

By Associated Press Leased Wire
St. Louis, Mo., Nov. 18.—No part of the \$1,000,000 being collected by the Women's Christian Temperance Union was expended in any legislative movement against tobacco, according to an announcement made by the executive committee of the union at the national convention here today.

The announcement said that the general plan is to allot one-fourth of the fund to the prohibition campaign and one fourth to Americanization work. Other departments whose claims were presented were public health, citizenship, women industry and child welfare work. The allotment of the remaining one-half of the fund to these and other subjects were discussed but no final action was taken.

Mrs. Florence D. Richards, president of the Ohio W. C. T. U. in a short address said that for 45 years the organization had been conducting, in the open, a consistent fight against tobacco and predicted that when men and women sit together in congress there will be a law against it.

Rounding Up Gang of Security Thieves

By Associated Press Leased Wire
New York, Nov. 19.—More arrests were expected today in the roundup in New York, Washington and other cities of persons suspected of having been implicated in the theft of \$500,000 to \$1,000,000 worth of securities in New York's financial district within the last six months.

With the arrest of David W. Sullivan, a member of the Consolidated Stock Exchange, charged with larceny and criminally receiving two Crucible Steel certificates valued at \$45,000, the police expressed confidence they had hit upon a trail which would clear up robberies which had mystified Wall street, and in which disappearing messenger boys had played a prominent part.

Deny \$75,000,000 Mexican Deficit

By Associated Press Leased Wire
Buenos Aires, Tuesday, Nov. 18.—Newspapers here publish denials from the Mexican charge d'affaires of dispatches reporting the discovery of \$75,000,000 deficit in the accounts of the Mexican controller's office.

Recent reports that Francisco Villa was ready to attack Chihuahua at the head of 1000 men are also denied.

Central Trust Held Liable—Lorimer Case

By Associated Press Leased Wire
Chicago, Nov. 19.—The Central Trust Co. of Illinois has been adjudged liable to the extent of \$159,000 to the creditors of the defunct LaSalle Street Trust & Savings Bank of which William Lorimer was president, it became known today, thus drawing near a conclusion one phase of the court action that grew out of failure of the Lorimer institution in 1912.

After hearing of objections, the report of Louis J. Behan, master-in-chancery, will go to Circuit Judge Pinckney for final consideration.

Prevent Spanish Influenza By Anointing Nose

Prominent Middle-West Health Official Makes Important Announcement in Connection With Treatment of Bronchial Troubles.

If you really have Spanish Influenza do not attempt self-treatment with home remedies. Go to bed immediately and call a physician at once.

But there are preventive measures which can prevent your being attacked by this malady. Men-Tho-Eze has proven efficacious in cases of the treatment of sore throat, in grippe, tonsillitis, bronchitis, colds and all troubles resulting from congestion of the lungs and bronchial tubes. Here is a plain statement on Spanish Influenza by the secretary of the Board of Health of a prominent middle-west state.

This physician maintains that Spanish Influenza is like sore throat, in grippe, tonsillitis, bronchitis, colds and similar troubles in that it is caused by infection of the nasal passages. He recommends preventing this—and hence, largely preventing Spanish Influenza and other maladies—by keeping the nasal membranes moist and pliable by means of some oily antiseptic application.

For such treatment Men-Tho-Eze is ideal. The goose grease and turpentine in this preparation serve as an ointment, while the wintergreen and menthol form fumes which are breathed into the lungs and bronchial tubes. This breaks the phlegm. The Men-Tho-Eze not only keeps the nasal membranes healthy and fit to throw off germs, but it quickly breaks up a cold which might develop into Spanish Influenza or some other serious trouble.

Men-Tho-Eze is a scientific combination of grandmother's old-fashioned goose grease and turpentine and the medical wisdom of China, which gave us wintergreen and menthol. It has proven a remarkable remedy for colds, catarrh and in grippe. Letters have been received from Spanish Influenza sufferers who have used Men-Tho-Eze with beneficial results.

Men-Tho-Eze should be in every home. An application in time will often save a doctor bill.

MET AT LOWELL PARK—

The Grace Missionary society held an "over the top" meeting, over the top in the number of members and guests present, in the amount of the thank-offering, as this was the thanksgiving meeting and in the beautiful mid-day meal served—with Mrs. Graybill at Lowell Park lodge Tuesday. It was a meeting long to be remembered by the members. The dinner served at noon, a scrumptious affair, was augmented by the hostess with chicken and noodles. A very interesting program and business session followed, with the president, Mrs. Philip Miller, presiding. The devotionary service was in charge of Mrs. C. G. Unangst. Mrs. Herman Hughes developed the lesson study topic for the afternoon, "In Lumber Camps and Mines," in most interesting fashion. Mrs. O. E. Strock and Mrs. Merle Hirsch gave a delightful piano duet. A leaflet, entitled, "Why Percy Green Could Bring a Thankoffering," was read by Mrs. Fred Smith. The pastor, Rev. C. G. Unangst, told interestingly of the missionary work in China, as gleaned from the annual report. Thirty members and twenty-five guests were present and \$75 was the amount of the thankoffering, each reciting a verse of scripture when presenting the offering.

VIRGIL-M'GOWAN—

The marriage of Miss Ethel McGowan, daughter of Martin McGowan, of Amboy, and William Virgil, son of Mr. and Mrs. R. L. Virgil, also of Amboy, took place Wednesday morning at nine o'clock at the parsonage of St. Patrick's Catholic church in Amboy. Rev. Fr. Conley, of Walton, read the service. The bride was attended by the groom's sister, Miss Ruby Virgil, and her brother, John McGowan, served as best man. A handsome tailored suit of blue broadcloth was worn by the bride. Her flowers were white roses arranged in a corsage bouquet. Miss Virgil wore a brown suit and a corsage bouquet of cream colored roses. A breakfast was served at the home of Mr. and Mrs. R. L. Virgil to the wedding party and the immediate relatives. The table decorations were in pink and white, with carnations as the flowers. The honeymoon will be spent in New Orleans. After December 1st Mr. and Mrs. Virgil will be at home in Amboy. Mr. Virgil is conductor on the Illinois Central railroad.

BIRTHDAY PARTY—

Miss Maud Gitt entertained Friday a company of sixteen young people in honor of the birthday of her niece, Miss Hazel Dillon. The guests had entered into the plan to make the affair a surprise to Miss Dillon and it resulted in a most successful one. Games and music were enjoyed and refreshments were served. Miss Dillon was showered with handkerchiefs by the guests, who included the Misses Lucia Spencer, Milla Wahnke, Ruth Kling, Mabel Kling, Elsie Fallstrom, Esther Gitt, and Ailina Ayres, and the Messrs. Howard Slothower, Carl Fallstrom, William and Murray Nixon, Fred Manning, George Alger, and Harry Emmert.

SANDRA THE JEALOUS

By JANE PHELPS.

PEACE FOR A TIME CHAPTER CXXX

Following my anniversary my jealousy was in abeyance. I had felt so mortified over my actions (albeit I flattered myself no one had probed them) that I was meekness itself.

I rode with Miss Pierce and Junior, occasionally with Mrs. Gray as a companion. I visited Alice Sloane and my other friends, and they visited me. I went to the theater or other places of amusement with Everett; and I practiced and studied religiously. Mrs. Barr still came to me twice a week. My reading with her had begun to have its effect. It had insensibly broadened me, but it had been like the change in Everett—so slowly accomplished I had not realized it was happening. Instead of resenting her presence, I now felt annoyed if anything prevented my hour's reading with her. My French was also improving and we were reading Flaubert in the original which delighted me.

Everett was very much interested in this phase of my life—more so than was warranted, I thought, until one day he said to me:

"I am delighted with your awakened interest in your reading and music. I am much older than you, Sandra. There will perhaps come a time when I will no longer interest you greatly—albeit I shall try; then your reading, your valedictory will take the place of what I might continue to do for you were I a younger man, and so keep you contented."

I made no reply. I could think of nothing to say. It was the first time he ever referred to the future as connected with the disparity of our ages.

I wanted to be old. I now know that he longed inexpressibly to be young. The irony of it—neither satisfied, both reaching out for something to make us happy together, instead of just being happy and trusting each other and God for our future!

There was one subject of which we never tired; Junior. Often when Everett was at home for the evening and we had no guests, we would spend the entire evening planning his future. He had been entered at Groton as soon as he was born. After that we were rather divided between Princeton, Yale and Harvard. So we would range the merits

of each and invariably would end up by saying: "Well, we've time enough to decide that," then go on talking of WHAT we would like him to be. I wanted him to be a great lawyer. Or something of the sort. A professional man, Everett preferred he should be a business man. This too we would talk over together amiably, altho we disagreed.

"The world needs good business men—educated, honest men of affairs. Since the war we have realized what a power the business man is in the world; how necessary he is Everett said once when I rather snobbishly, said a professional man had a better social position."

So we spent happy hours planning for our son.

But as always my peaceful frame of mind was not to last. Twice a woman had called on the telephone and asked for Everett. When I had said I was Mrs. Graham, she had quickly hung up the receiver, and altho I had tried both times to have central find out where the call was from, I had failed.

I had not told Everett. She might call again, and I be more successful in locating her.

"A lady called while you was out, ma'am," Betty told me when I returned from a shopping expedition.

"Did she leave her name?"

"No ma'am. She asked for Mr. Graham. Then she asked what time he came home to dinner."

"What kind of looking woman?"

"Nice looking ma'am—dressed nice."

For days I scarcely left the house, so anxious was I to find out who this woman was. I had given up hope that she would telephone again or call the phone rang. Everett was dining at the club.

"May I speak to Mr. Graham?" she asked.

"He is not at home. This is Mrs. Graham. I will give my husband any message you wish to leave."

"Thank you, but I prefer to talk to Mr. Graham," and once again I was unable to find out where the call had come from, or who had called.

Gives you a life-time \$107 of Heating Comfort

New IDEAL-Arcola Radiator-Boiler

Puts IDEAL HOT WATER HEATING comfort at low cost in cottages, flats, or stores, with or without cellars

The IDEAL-Arcola takes the place of a parlor stove. But a stove wastes much of its heat up the chimney, whereas the IDEAL-Arcola is water-jacketed, and conveys its heat by hot water circulation through pipe-connected AMERICAN Radiators stationed in the adjoining rooms. Every bit of the big volume of heat developed from each pound of fuel is therefore made useful in keeping ALL the rooms uniformly, healthfully warm. There is no coal-waste. The IDEAL-Arcola does not rust out or wear out—will outlast the building—is a genuine, permanent investment!

Shipped complete ready for immediate operation

The beauty of the IDEAL-Arcola method is that no cellar is needed. Everything is on one floor. The Arcola is placed in any room that has a chimney connection. No running to cellar. If there are two or more tenants in the building, each can have his own Arcola and make the temperature to suit his own needs—can make his own climate! If you do not wish at first to heat the entire building, buy a small size IDEAL Arcola and later on buy extra sections for the IDEAL-Arcola and two or three more radiators to warm more rooms.

Cleanly heating—healthful heating—free from fire risks!

Unlike stoves, there are no coal-gas leaks into the living-rooms. The IDEAL-Arcola delivers the soft, radiant warmth of hot water—not the dry, burnt-out atmosphere of stove heating. There is no fire risk to building—no danger to children—fire lasts for hours! The Arcola burns hard or soft coal, coke, gas, or wood. Brings cost of heating down to the lowest notch—and gives IDEAL comfort.

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). Write today

NEEDED.

Because we know—

It will build up our health and
strength.It will unify our citizenship and wipe
out the red flag.It will instill respect, courtesy and
consideration for others.It will teach hygiene, care of the
body and clean living.It will infuse a new patriotism and
country love.It will broaden the vision and clear
the mentality.It will Americanize our diverse for-
eign element.It will produce higher types of citi-
zens.It will, authorities say, reduce crime
50 per cent.It will bring understanding, toler-
ance and co-operation.It will practically double our man-
power.It will promote industry and increase
production.It will lengthen and strengthen life
and add to efficiency.It will make us safe with a smaller
standing army.It is the only fair, square deal—equal
opportunity and equal obligation.It trains for service, but no service
can be required except by act of Con-
gress in case of war.We have the equipments and the
equipment.

The country needs it.

The people are ready and the boys
are eager for it.Prompt action by Congress is neces-
sary from every viewpoint.Make the equipments great national
training schools through the coopera-
tion of the drill master and the school
master.If you agree write your U. S. senators
and congressman at once and tell them
so.

ANYTHING CAN BE OVERDONE.

Press reports that the fossilized re-
mains of a giant measuring 52 feet in
height had been dug up in Mexico and
that the natives were worshipping the
old-timer on the theory that he was
related to the gods of their forefathers.leave this section of credulous human-
ity singularly calm. The natives of
Mexico may put up catafalques in the
plaza, put their giant thereon and deck
him with flowers, but the Jackson
Mich., giant of lamented memory has
not been "dead" long enough to permit
another usurping his place in our af-
fections. The discovery of freaks lends
a pleasant glow of romance to the dull
affairs of life, but this is most palatable
in homeopathic doses.If it took brains to wag a jaw there
wouldn't be so much loose talk in this
world.We are never sure when Indian sum-
mer is, but feel certain when it isn't.The only use a bolshevik has for soap
is the box it comes in.GEN. PERSHING MAY MAKE

DIXON MEN LOST IN NORTHERN WOODS AS MERCURY DROPS LOW

Hunters Find Snow, Cold Weather and Plenty of Big Deer.

(By Dr. E. A. Sickles)

In Camp Headquarters of Rainy River, Nov. 16, in compliance with your request I will give you some account of our adventures today. We are nicely situated in the deep forest and have a good cook, and the camp is in good running order.

We are surely surrounded by a wilderness. There are almost no settlers. The country is all forest and seems to be largely swamps. Deer are very plentiful but the country is so vast that they are hard to get.

John Ford and I landed at Deer River Wednesday. There we found the six fellows who planned to drive in by auto. They drove to Elk River in four days, but the road conditions forced them to abandon the autos and finish the trip by train. From Deer River we took a logging train and arrived at the end of the road at 1 p. m., getting to our camping site just at dark. It was cold—below zero—and we had to shovel about eighteen inches of snow before pitching the tent. Also we were hungry. A. Schuler kindly presided as chef and supplied each of us with a bacon sandwich and a cup of coffee. All that was needed for a meal was more.

Sheff Discovers Tracks

At about 11 o'clock we retired, but but contented. The next day was devoted to putting up dining tent and cutting wood. Angier Wilson and the Sheriff were busy with the cross cut saw and I was working with the axe when Sheff rushed in breathlessly and announced fresh moose tracks leading into a swamp.

We all grabbed our guns and surrounded the swamp, expecting to have a moose in camp. Schuler and I were delegated to trail the moose. On arrival at the trail we discovered that the tracks had been made by a settler's cow, neither did they enter the swamp; so we continued to dine on ham and bacon.

Two Lost in Woods

Last night we were forced to "shoot" the hunter and Joe Miller. They had forgotten to take a compass and had become bewildered. Joe assured us the shots fired at camp were the most welcome sound he had heard for years. A good hot supper helped them forget their troubles.

Yesterday Sheff turned the camp inside out hunting for one of his moose. After a long search one of the fellows noticed it on Sheff's foot. "Sure Shot" John Ford to date has brought in one porcupine. Today, out of deference to age, he allowed Sheff to shoot first at a deer. Sheff took deliberate aim and shot high at 400 yards—no meat for Sheff today.

Sheriff Saves His Shirt

We have a camp custom of notching the tail of the shirt of every novice who misses his first shot at a deer. One notch for each shot fired. We have been having a lot of fun anticipating the aforesaid ceremony, expecting to initiate Butch Hartzell and our popular Sheriff. But our hopes were dashed to day when "Butch" brought down an 18 point buck—an enormous deer—and the Sheriff saved his reputation (and shirt tail) by bringing in a fine 8-point buck. Tomorrow John Ford will do likewise—so he says.

Twenty Below Zero

We are camping north of the "height of land." All the rivers flow north to Hudson Bay. Seems strange to have the waters flowing north. We have had some cold weather. One night it was 20 below zero and it has been about zero until today. There is about 12 inches of snow on the ground, which makes the walking very hard and the hunting, consequently, difficult.

The messenger is here for the mail, so must stop. More later if there is anything worth relating.

WOODYATT LEADING IN STATE TOURNEY

With two more games to play Chalmers Woodyatt of this city is leading in the state amateur pocket billiard championship tournament at Mussey's Madison street rooms in Chicago, and with any kind of an even break bids fair to finish the contests with the state honors won. He has won six straight games and has a total of 450 balls. Other championship possibilities are Joe Moriarty, of Chicago, who has won five straight games for a total of 375 balls, and C. DeOro, also of Chicago, who has won four games out of six and who has a total of 402.

H. C. Hendrie, Chicago's northside champion, was put out of the running in his first game, which he played with Woodyatt yesterday, as the Dixon player scored a run of 25 and won the game 75 to 24.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen points and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed your druggist to guarantee it in every instance.

30 YEARS AGO IN DIXON TELEGRAPH

Miss Lillie Earl passed away at the home of her parents, Mr. and Mrs. W. S. Earl of Grand Detour.

The Farmers' National Convention in session at Montgomery, Ala., passed resolutions favoring the construction of the Hennepin Canal.

Mrs. Sarah Williams passed away at her home in Nachusa.

TEN YEARS AGO IN DIXON TELEGRAPH

Harry Stine, a tramp, was killed by a Northwestern freight train at Nelson.

H. A. Kauffman, Stratford farmer in Dixon on business, was stricken with apoplexy at the Manges feed sheds and passed away at the hospital a few hours afterwards.

Senator Walter C. Jones of Chicago addressed the Dixon Y. M. C. A. Men's club.

Grocers announced the following prices to be paid farmers for Thanksgiving country dressed poultry: turkeys, 20c; ducks, 17c; geese, 14c; chickens, 20c. (Private prices are: turkeys, 43c; geese, 30c; ducks 30c; chickens, 30c.)

A large barn on the Mrs. Frank Weise farm near Amboy was struck by lightning and burned to the ground.

TOBACCO PRICES ARE DUE FOR AN ADVANCE

The wholesale and retail prices of tobacco and cigarettes in Dixon are due to take another increase in price. Some of the tobacco dealers of the city have already adopted the new prices on cigarettes and cigars and some of the favorite brands at 20 cents per package are now being offered from 22 to 25 cents. This at this time, is not a general price but dealers state that the price will soar to that limit in a very few weeks.

The prices of cigarettes to the dealers have been advanced and according to the retailers they will have to ask about 25 cents for a package of 20 cigarettes in the very near future. The advanced prices have not been generally adopted yet but will probably be in a very short time. Those who had a large supply of the "pills" on hand can still retail them at 20 cents but when the recently purchased stock is placed on sale the prices will be advanced.

The same "weeds" that sold at 15 cents per package before the war will now retail at 25 cents, this being an advance of 66 2/3 per cent within the last two years. The increased prices do not seem to trouble the smokers as they continue to buy their usual supply despite the prices.

Cigars have also been advanced by jobbers and this means that the retailers will also have to increase their prices accordingly. Both cigars and cigarettes are hard to get, say the dealers and they are satisfied to get large quantities at almost any price. The same holds true with chewing tobacco and in fact tobacco in all forms.

MRS. MARGARET COLE IN HER FINAL SLEEP

Mrs. Margaret Ellen Cole passed away at the home of her daughter, Mrs. Harry L. Fordham, 907 Peoria avenue last evening about 9:30 o'clock, death resulting from apoplexy, following a lingering illness of many weeks duration. Mrs. Cole was born in Pennsylvania, Nov. 29, 1843, and her husband preceded her in death several years ago.

DIXON ICE CO. TO BUILD LARGE PLANT IN DEKALB, REPORT

DeKalb Chronicle: That DeKalb will have an ice manufacturing plant of its own in the very near future is practically an assured fact, according to semi-official advices circulated today.

The Dixon Artificial Manufacturing Co. is behind the movement to erect a fully equipped and modern plant here as a branch to the main plant at Dixon.

It is understood that plans are already completed for the building and bids have been asked for the erection of the structure and on the machinery that is needed.

The local plant when completed will no doubt be modern and up-to-date in every respect. The bids call for two 30-ton machines for the manufacture of ice and other equipment needed in a plant of this kind will run the investment up to a good sized sum.

It is generally understood that construction operations will commence as soon as the bids are examined and accepted.

ATTENDED FUNERAL OF UNCLE YESTERDAY

Mr. and Mrs. Charles E. Miller and Ward Miller returned home last evening from Mt. Carroll where they attended the funeral of their uncle, W. H. Stittley, county treasurer of Carroll county, who was well known to many people in Dixon and vicinity. Mr. Stittley was a brother of Charles and Frank Stittley, former residents of this city.

He was serving his second term in office as treasurer of Carroll county and had apparently been enjoying good health for some time. Sunday morning he arose and ate his breakfast as usual and after the meal he walked to the bath room when members of the family heard him fall. They hurried to the room and the body was taken to another room and a physician summoned. Upon the arrival of the family physician, he announced that Mr. Stittley had been stricken with apoplexy, death being almost instantaneous. He was 69 years of age and had been a member of the Odd Fellows for about 40 years. The members of that order had charge of the funeral services yesterday which were very largely attended.

HOME FROM MEETINGS.

Attorney E. H. Brewster returned home last evening from Springfield where he attended meetings Tuesday and Wednesday. Monday evening he was present at a gathering of delegates to the state constitutional convention in Aurora, there being about 35 present from northern Illinois counties. The delegates were the guests of Lee Mighl, at his residence Monday evening at a 6 o'clock dinner. Mr. Brewster proceeded from Aurora to Springfield to attend the meeting of directors of tuberculosis sanatoriums of the state.

ELEVATED FIVE CANDIDATES.

At a fine meeting of Friendship Lodge No. 7 A. F. & A. M. yesterday afternoon and evening attended by about eighty of the members, five candidates were elevated. Supper was served at 6 o'clock by the ladies of the O. E. S.

IMPORTANT MEETING OF LEGION THIS EVE

The meeting of Dixon Post No. 12, American Legion, called for 7:30 o'clock this evening at the G. A. R. hall in the city building, will be one of the most important the local organization of returned soldiers, sailors and marines have had since the post was organized, and it is asked that every one who has signed membership application be present. In addition to hearing the report of the National Convention by Everett Dutcher, who was a delegate from the Dixon Post, the organization is to be decorated with special honors in a pretty ceremony, in which several of the patriotic organizations of the city will take part.

FOR NEW HIGH SCHOOL.

By a vote of about five to one Freeport voters Tuesday decided in favor of a bond issue of \$350,000 for a new high school building.

Wilhelmina Kaylor's dancing class, Armory hall will meet Friday evening instead of Wednesday. 27013

LEE CO. DIRECTORS ATTENDED MEETING

E. H. Brewster and Dr. E. S. Murphy of this city and J. M. Egan of Amboy, constituting the board of directors of the Lee County Sanatorium, returned home last evening from Springfield where they have been in attendance at a two-day session of directors of the entire state. The meetings were held in the state house, the program for the two days being divided into two sections.

The meeting was called jointly by Dr. C. St. Clair Drake, head of the State Board of Health, and the Illinois Tuberculosis association. Tuesday, the opening day, the program was devoted entirely to the county sanatorium proposition and some very interesting data was given. Wednesday was devoted to the plans for general work throughout the state in fighting tuberculosis.

Lee county was honored singly of all counties in the state by having present a 100 per cent attendance of the members of the county board of directors. The papers which were read at the sessions and the speakers advocated the standardization of work throughout the state. Representatives from the state architect's office were also present with an exhibit of plans that have been prepared for a standard method of buildings. Messrs. Brewster and Egan returned home last evening. Dr. Murphy remaining over today to attend another meeting of physicians.

BIGAMIST'S BIG BOND: BARRICADED IN BASTILE

Mr. and Mrs. Marian Gilmour and nine months' old son are in the Lee county jail, the man and woman being under heavy bonds. When taken before Justice A. H. Hannekan, Gilmour was held to the grand jury under bonds of 2,000 on a charge of bigamy. Mrs. Gilmour is held under \$500 bonds on a charge of marrying a bigamist. She is making an effort to secure the amount of her bonds from brothers residing in Albia, Iowa.

EGGS AND BUTTER IN ANOTHER RISE TODAY

Butter and eggs, those staples which the housewives of the community have been watching climb for several weeks, made another advance in local market quotations this morning when local grocers announced they would pay 65c per pound for dairy butter and 65 cents a dozen for eggs.

It will be well for club women to read the social calendar each day to keep posted on present and coming events.

READ ITEM BUT NOT HEAD: THOT SO. DIXON FARMER DEAD

In Wednesday's Telegraph, in the "Ten Years Ago Today" column, there was an item relating the death of Chas. Fred Fitts of So. Dixon in DeSmet, S. D.

The son of the deceased, whose name

is Fred Charles Fitts, and who also lives in So. Dixon, is now in Dakota, and friends of the family, seeing the item and not noticing the heading of "Ten Years Ago" phoned the Fitts family they had read of his death in the Telegraph, and until it was discovered that an error had been made in reading the article, the Fitts family were greatly wrought up.

Higher Court Gives Order Staying Wets' Injunction in East

By Associated Press Leased Wire
Boston, Mass., Nov. 19.—The United States circuit court of appeals today issued an order staying execution of the preliminary injunction granted by Judge Arthur L. Brown, restraining federal officials in Rhode Island from enforcing the Volstead prohibition act.

APPEAL KENTUCKY CASE.
By Associated Press Leased Wire
Cincinnati, Nov. 19.—The appeal of W. V. Gregory, United States district attorney for the western district of Kentucky and Internal Revenue Collector Elwood Hamilton, from the decision of Federal Judge Walter Evans, which prevented them from interfering with the sale in Louisville of tax-paid whiskey was received by the clerk of the United States circuit court of appeals here today.

While the United States circuit court of appeals is not in session it is reported that two members of the bench are holding themselves in readiness to take up the case. The method of the appeal probably will be a motion for a writ of supersedeas to stay the injunction granted by Judge Evans. After the circuit court's decision the case will be traversed as quickly as possible to the United States Supreme Court.

AMUSEMENTS

"BUSINESS BEFORE PLEASURE"

"Business Before Pleasure" comes to the Dixon opera house Saturday night. The authors of "Business Before Pleasure" Montague Glass, who created the original characters in his immortal short stories, and Jules Eckert, Goodman, the noted playwright, have lifted the famous partners from their familiar surroundings in the cloak and suit business to a new and vastly more interesting world—that of the movies.

In "Business Before Pleasure" Abe and Mawruss are presented as embryonic film magnates and from moment they begin to hire a vampire to the final adjustment of their difficulties their bickering and quarrels and friendship and quaint observations on life and things in general furnish a great fund of amusement.

From the rise of the curtain, to the finish of the third act, Abe and Mawruss are kept busy keeping you in an uproar of laughter, the kind that reaches the real tickle spot.

BAD FIRE IN ALBANY.

The B. H. Burnett grocery store and residence, E. A. Fassett's harness shop and residence and the S. B. Dimond drug store and Eckelberry millinery in Albany, Whiteside county, were destroyed by fire yesterday afternoon, the blaze having its origin in the explosion of an oil stove in the millinery store. The Clinton fire department responded to a call for help and with chemicals confined the blaze to the four buildings which were burned.

COMPANY F DRILL.

The regular weekly drill of Company F will be held this evening. Every member is ordered to report at the Armory at 7:45 o'clock in full uniform.

FOR CHAMPIONSHIP

By Associated Press Leased Wire

Columbus, O., Nov. 19.—Every available seat and all standing room has been sold at Ohio Field for Saturday's football game between Illinois and Ohio State to decide the championship of the Western Conference.

A few seats have fallen into the hands of speculators and are bringing high prices. Standing room tickets, which ordinarily sold for \$1 are selling at \$15 and reserved seat tickets are selling for as high as \$75 each.

Indications are that Saturday's game will draw the largest crowd that ever attended a football game in Ohio.

COOK COUNTY VALUES

By Associated Press Leased Wire

Chicago, Nov. 19.—The total valuation of real and personal property in Cook county for 1919 as computed by the board of review today is \$3,271,465,719, of which \$2,558,364,176 is real estate and \$813,101,534 is personal property. The real estate valuation of the board of review is \$199,986,345 less than the figure compiled by the board of assessors. The total valuation for 1919 is \$137,329,963 over last year's figure.

EDDIE MITCHELL DIES

Toledo, O., Nov. 19.—Eddie Mitchell, noted throughout the world as a driver and horse trainer, died last night while motoring from Toledo to his farm near the Ohio-Michigan boundary line. Mitchell raced in England and Ireland and on the continent, and in 1905 was awarded the championship of Europe with Alta Axworthy, a 3 year old trotter.

MINISTRY QUILTS

By Associated Press Leased Wire

London, Nov. 19.—The Egyptian ministry has resigned because of dissatisfaction with the mission appointed by Lord Milner, secretary for the colonies, for the investigation of the unrest in Egypt, according to official dispatches from Cairo today.

Rioting occurred all day yesterday in Alexandria and the military restored order.

FIRE DESTROYS HIGH SCHOOL

By Associated Press Leased Wire

Greene, Iowa, Nov. 19.—Fire, believed to have been of incendiary origin, gutted the eleven room high school building here last night, and destroyed its contents. Insurance of \$43,500 was carried but this will not cover the cost of replacing the edifice.

Perspiration can be Checked without Danger

Cincinnati Physician States

"Excessive perspiration is due to specific local weakness, and can be checked without any danger," said a well-known physician yesterday when interviewed on this subject.

"In the past few years, numbers of patients have asked my advice concerning certain toilet preparations for this purpose. Because I have made a study of the subject, I feel I am qualified to say there is absolutely no harm in checking, for instance, excessive perspiration of the underarms that causes so much discomfort, especially to women.

"This is an unnatural condition, and should receive treatment as would any other ailment. I have found that ODORONO successfully checks perspiration where it is excessive and troublesome."

ODORONO, mentioned by this physician, is the leading toilet preparation for relief from excessive perspiration, and the sure means to perfect daintiness. It was prepared by a physician and is endorsed by medical authorities. Be sure you get the genuine ODORONO. At all drugstores and department stores, 60 cents and \$1.00. Trial size, 30 cents.

Constitutionalists Win Italian Election

By Associated Press Leased Wire

Rome, Nov. 19.—Latest reports indicate the constitutionalists secured 300 seats in the chamber of deputies in the recent election, the socialist 120 and the catholics 90.

In this city there were elected four catholics, four ministerialists, four socialists and one each by the nationalist, republican, independent, liberal parties.

Among those elected are Prof. Luigi Luzzati, former minister of agriculture; Ferdinando Martini, former governor of Erythrea; Leonina Bissolati-Bergamaschi former minister of military aid and war pensions; Carlo Ferraris, minister of industry, commerce, labor and food; Signor Dancio, former minister of justice; Signor Faota, former minister of justice, and Signor De Nava, minister for liberated provinces.

Those defeated include Signor Dacomo, minister of military assistance and pensions; Pietro Bertolini, former minister of public works, Ettore Sacchi former minister of public finance; Luigi Nava, former minister of finance; Giuseppe Bevilacqua, editor of the Turin Stampa, and Signor Pissardi, former under-secretary of colonies.

MEXICAN SPIES LYNCHED

By Associated Press Leased Wire

Agua Prieta, Sonora, Nov. 19.—The bodies of Enrique Hernandez and Francisco Arillo, secret agents of the Mexican government, have been found hanging from a tree in the hills 20 miles south of Montezuma, according to information received through military channels. Military officers believe the men were murdered by bandits.

CLEMENCEAU'S DAUGHTER HERE

By Associated Press Leased Wire

New York, Nov. 19.—Madame Therese Jacquemaire, daughter of Premier Clemenceau, arrived here from France on the steamship LaFrance to begin a lecture tour in the United States. Madame Jacquemaire is said to be anxious to cement the cordial relations between the French and American people.

Another passenger on LaFrance was Dr. Alexis Carrel, noted French scientist, who returned to resume his work for the Rockefeller Institute after four years of war work in France.

RECOMMENDS LOWER FARE

By Associated Press Leased Wire

Chicago, Nov. 18.—Attorney General Brundage today sent a letter to the state public utilities commission recommending that the rate of fare be reduced on the Chicago surface lines. He calls attention to what he describes as the "exorbitant profits" of the companies under the 7 cent fare and suggests that tickets be issued to save street car patrons from delay in waiting for their change.

CHILD LABOR DISCUSSED

By Associated Press Leased Wire

Washington, Nov. 19.—The International Labor Conference had before it today the report of the child labor committee. The report recommends an international agreement to fix 14 years as the minimum age for the employment of children in industrial enterprises and to prohibit the employment of workers between 14 and 18 years of age in industries where conditions are considered bad for woman workers.

Your Comfort Guarded
at Every Point

There is lots more to underwear than fabric. Cut and finish have to be right or outergarments won't fit correctly and comfort will be lost.

"Merode"
(Hand Finished)
Underwear

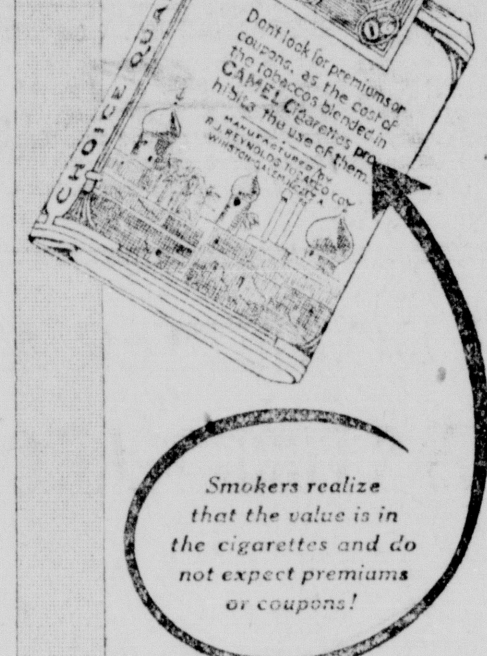

—is made of the best fabric and then cut by hand to insure fit across the bust, over the shoulders and at armholes, eliminating the faults common to ordinary underwear.

All of this costs money, but big production pulls down the cost so that you get the best underwear on the market for women and children at the cost of that made in the ordinary way.

Camel
CIGARETTES

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarette odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

Corns 'Tween Toes? Use Easy "Gets-It"

Any Corn or Callus Comes Off Peacefully, Gloriously. Never Fails.

It is easy to dig or drag out your corns with a "bloody" razor, or use bandages and tape and wrap up your toes into a package, but that's the "treat-em-rough" painful, foolish way. Use 2 or 3 drops of "Gets-It"—that's the peaceful, sure, common-sense way that never fails. You reach the corn easily with the little glass rod. It's a blessing never fails. "Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

LEGION MEN RAID SOCIALIST ROOMS

By Associated Press Leased Wire
Cincinnati, O., Nov. 19.—Mayor John Galvin today severely censured the conduct of the members of the Robert Bentley Post of the American Legion, who raided the headquarters of the socialist party here last night and burned a quantity of supposed radical literature.

The mayor designated the raid as mob rule and asserted that it showed a lack of patriotism and good citizenship. He also said that he would investigate the failure of the police to intervene while the raid was in progress.

By Associated Press Leased Wire
Cincinnati, Nov. 19.—Members of the American Legion, numbering more than 300, led by their officers, descended upon socialist headquarters in this city late last night and threw hundreds of pounds of radical literature into the streets. A fire was started and the literature burned. No one was in the building when the raid was made.

Most of the literature burned had been printed for the communist labor party of America. One was a purported reproduction of a letter to the "American workmen from the socialist soviet republic of Russia," written by Nikolai Lenin.

Chicago, Ill., Nov. 19.—Maj. A. A. Sprague, chairman of the Chicago fair price committee, today had under way an investigation of charges that sugar speculators alleged to be in control of the Chicago market were attempting to force dealers to sign contracts at exorbitant prices. Unless the contracts were signed at the high rate withholding of the supply was threatened, it was charged. District Attorney Clynne said he would take the charges before the federal grand jury.

Major Sprague said a serious sugar shortage exists in Chicago.

Settling for Deaths Caused By Dirigible

By Associated Press Leased Wire
Chicago, Ill., Nov. 19.—All claims except one for eleven deaths growing out of the collapse and fall here last August of a balloon owned by the Good Year Tire & Rubber Co., have been ordered settled for \$70,500. It was announced today. The families of the eleven victims agreed to abide by the findings of an arbitration board.

Daughter of Yudenitch Hides in Red Territory

By Associated Press Leased Wire
London, Eng., Nov. 19.—Somewhere in Russian territory, held by the Bolsheviks, the daughter of Gen. Yudenitch, who led his army in an attempt to capture Petrograd, is or was hiding for fear of being shot by the men whom her father is fighting. This fact has been made known here by General Dobrjansky, representative of General Yudenitch in London.

General Yudenitch does not know what fate has befallen his daughter. Her husband was killed in battle with the Germans shortly after her marriage.

CORN HAS STRONG UPTURN IN PRICE

Chicago, Nov. 20.—Moderate declines in the price of corn today resulted from the acute weakness of British exchange and from breaks in the stock and cotton markets. Large receipts here acted also as a bearish influence. Good buying support, however, was forthcoming, and a fair rally ensued. Opening prices, which ranged from 1/2 to 1 1/2 c lower, with December 1.31 at 1.32 and May 1.23 1/2 at 1.24 1/2, were followed by some reaction all around, as compared with initial bottom figures.

Oats were relatively firm. Arrivals of oats proved to be scanty. After opening 1/2 c to 3/4 c off, including May at 74 1/2 c the market hardened quickly.

Provisions gave way with hogs. Besides, the foreign exchange collapse had a depressing effect.

Later the corn market scored a general advance, helped by an uptick in stocks and by sales of American mixed corn in Great Britain at prices equal to \$1.88 a bushel. The close was strong, 1/2 to 1 1/2 c net higher, with December 1.33 1/2 to 1.35 1/2 and May 1.25 1/2 to 1.27 1/2.

Later the provision market rose in sympathy with corn, despite increased weakness of hog values.

Killed Step-Father; Boy, 20, Given Life

Dubuque, Ia., Nov. 19.—James Townsend, 20, was sentenced to life imprisonment on a charge of killing his step-father, Frank Cress.

The murder took place last August in a houseboat on the river front. Townsend, it was alleged, killed the elderly man with a blow from an iron bar following an altercation. He then attached weights to the body rowed to the middle of the Mississippi and threw it into the channel. Returning to the scene of the killing, Townsend burned the houseboat to cover traces of the crime. He later confessed.

Fear Rejection of Defense Agreement

By Associated Press Leased Wire
Paris, Wednesday, Nov. 19. — While the failure of the American senate to ratify the German treaty has apparently alarmed the French, it seemingly is not agitating the average Frenchman so much as the fear that the United States may not ratify the joint agreement with England for the defense of France, which is uppermost in the minds of all French people.
